YOUNG SOCIAL DIGITAL INNOVATORS TRAINING

YDSI Online Event took place between the dates 28th of June – 2nd of July in five brief, but highly engaging & dynamic sessions! With the participation of youth educators, workers, organizations and young innovators, YDSI Training introduced different types of case studies, great content about What Social Digital Innovation is, some useful tools for developing digital skills and online resources with innovative & inspiring presentations and a challenging task **"PROJECT BAZAAR"**

In Project Bazaar competition, young innovators from participant countries identified a theme of the social innovation challenge and came up with a Digital Social Innovation solution that could address the challenge. Creativity, passion and openness to collaboration were the most important part of this event !
